Dear CISL 2014 participants,

Welcome to the Charles University in Prague, one of the oldest universities in Europe.

We are very excited that we succeeded in organizing such a big event and can meet you all here in Prague. The crazy idea of an international summer school first emerged in my head only a year ago and thanks to the help of my two friends and 17 donors and contributors, including the Charles University in Prague, Faculty of Arts and Institute of Deaf Studies, we were able to organize CISL 2014.

I would like to take this opportunity to thank Josefina Kalousová and Anna Moudrá, because without their support and hard work the original idea could never have been realized. Many thanks for their great input, perseverance, dedication and positive attitude at all times and never letting me make important decisions by myself. Thanks to them we created a team, we created CISL 2014.

Next I would like to thank Kateřina Pešková and Jitka Kubištová, who in spite of difficulties were able to secure a team of interpreters, who are crucial to the success of this event.

Bára Harvánková was in charge of organizing the evening programme and she did a wonderful job. Thanks to her you will be able to discover Prague and Czech Deaf culture.

I owe big thanks to a great team of IDS students, who put enormous effort into making CISL 2014 happen. Everybody contributed their skills and experience and they completed a lot of tasks that are not recognized by an outside viewer but in fact were very important for the success of our event. I would like to express my gratitude to Denisa Lachmanová, Linda Homolková, Helena Kalaninová, Žofie Nedbalová, Kateřina Lišková, Mirek Březina, Martina Koryčanková, Veronika Čulíková, Jiřina Vlková, Kristýna Pravdová, Kateřina Albrechtová and Klára Jelínková.

Big thanks also go to Jana Bauerová, graduate of Czech Language and Literature Studies, who provided us with feedback and a much appreciated different point of view.

Great deal of work was also done by the translating committee. All outgoing information was provided in Czech, English, the Czech Sign Language and International Sign, which required a lot of effort from Tereza Kalivodová, Šárka Sobolevská, Lucie Tužová, Milena Čiháková, Radka Nováková, Markéta Spilková and Petr Štádler, who stepped in at the last moment to help with everything we were not up to.

We must not forget to thank our families and friends, who showed us amazing support and believed in us.

Last but definitely not least, I would like to thank Prof. Alena Macurová, who provided CISL 2014 with scientific support, as well as much needed kind words, willingly gave us many consultations and showed terrific support for our goals and ideas.

Thank you!

Let us now have a good time, meet new friends and colleagues, discover Prague and sign languages and Deaf culture from all over the world.
